To the members of the Northeast Regional Coalition Board of Directors,

On behalf of the members of the New York State Building Officials Conference I would like to congratulate you on the culmination of months of hard work to get the Northeast Region Coalition, Region VI, on the map and well underway. Through your professionalism and perseverance you have successfully brought this region of the country together not only for the purpose of working with the ICC in creating this coalition, but working together to solidify good code enforcement across state lines. In a relatively short period of time you have done an outstanding job and should be proud of the work you have prepared for us all.

Thank you for a job well done.

Respectfully,

Wm. Scott Copp, President
